Step1: Download git and setup an account

The screenshot shows the official Git website (git-scm.com/install/windows) with a green checkmark highlighting the URL in the browser's address bar.

The main navigation menu on the left includes: About, Learn, Tools, Reference, **Install** (highlighted with a green checkmark), and Community.

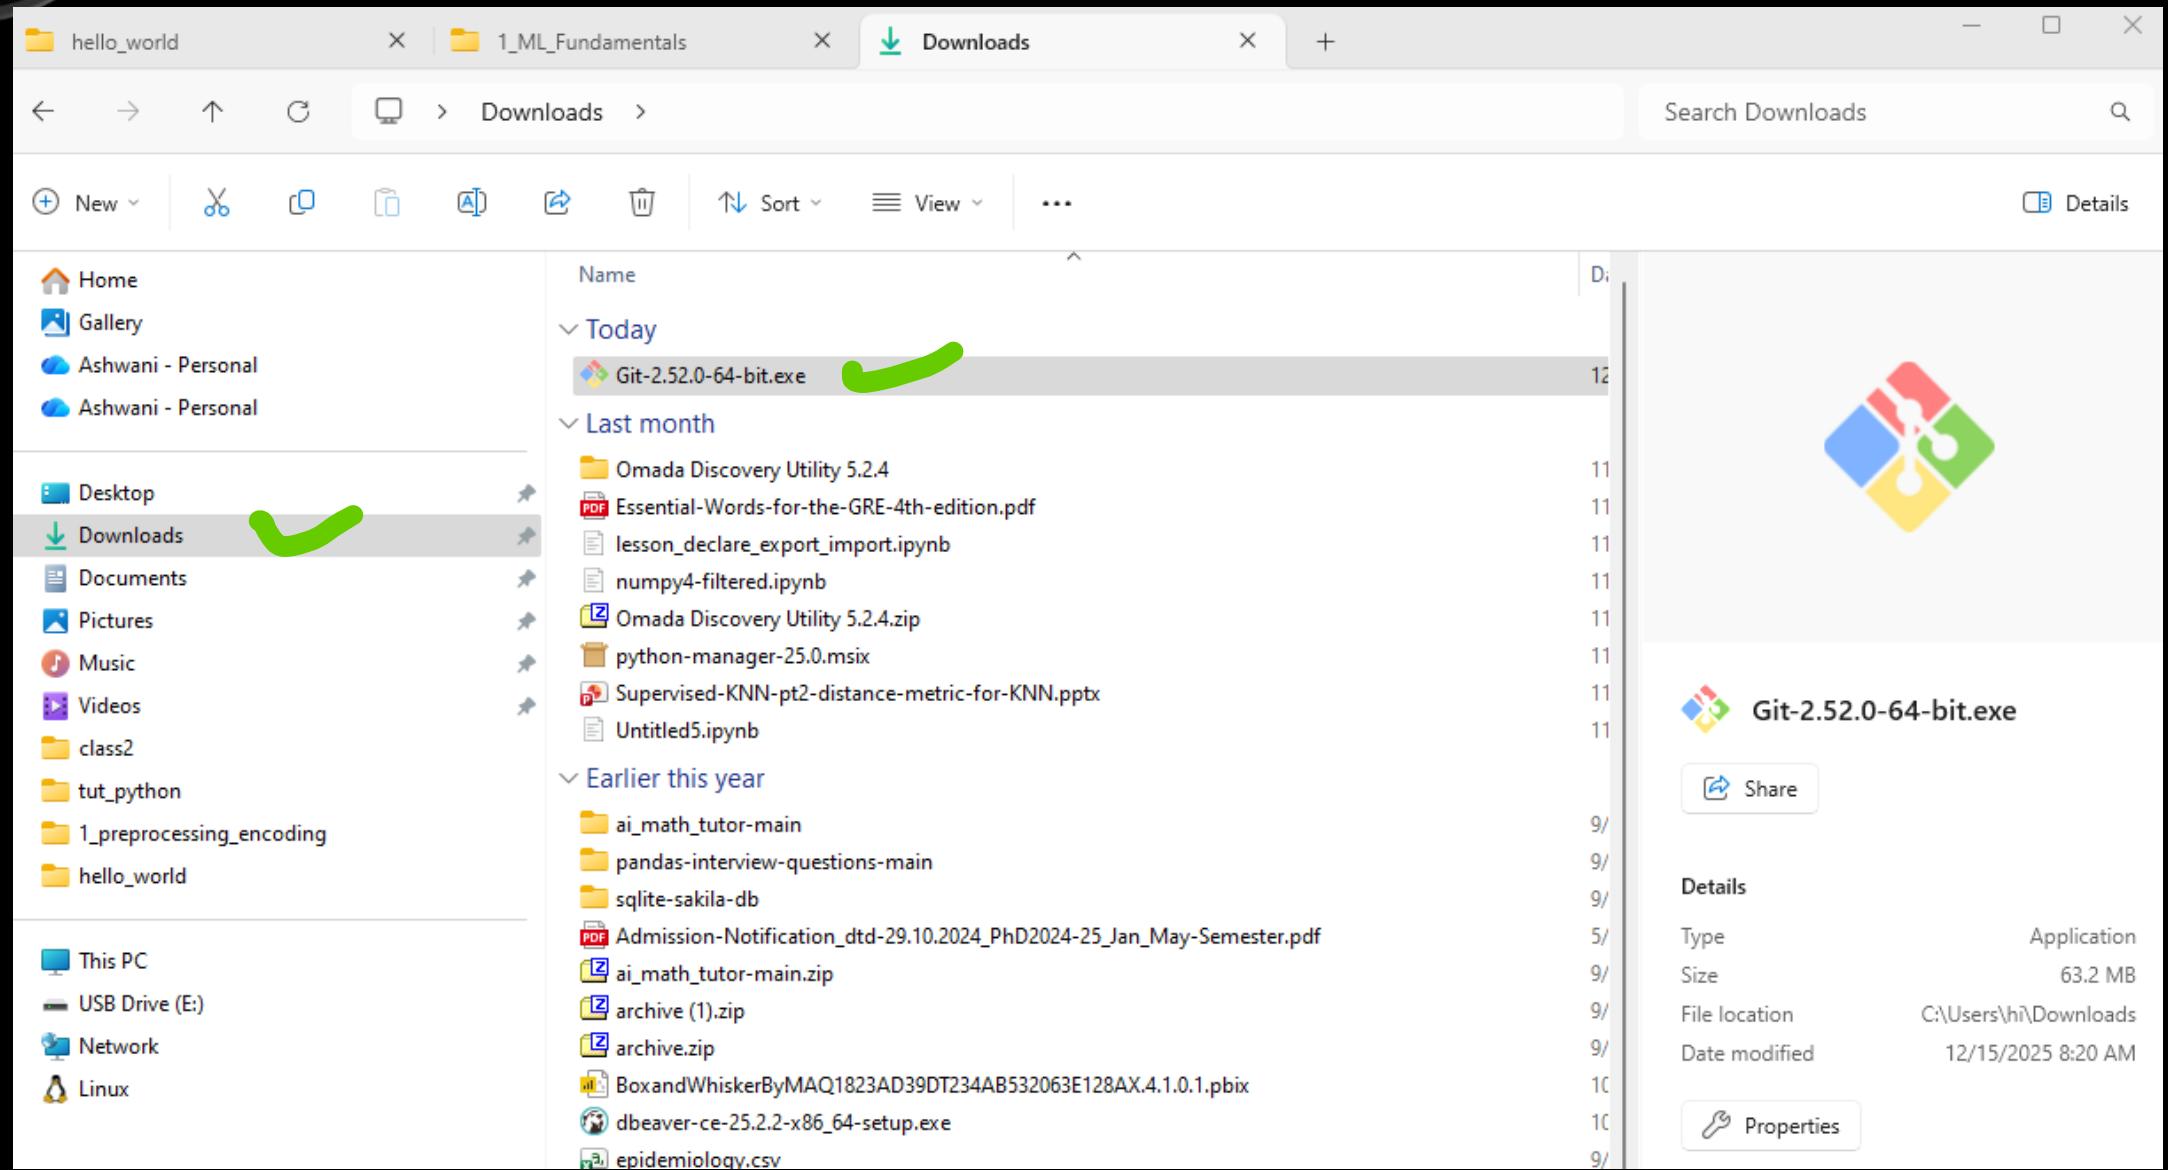

The central content area is titled "Install" and features a green checkmark above the "Windows" tab. Other tabs include macOS, Linux, and Build from Source. A message below the tabs says: "Click here to download the latest (2.52.0) x64 version of Git for Windows. This is the most recent maintained build. It was released 28 days ago, on 2025-11-17." Below this are links for other downloads: Standalone Installer, Git for Windows/x64 Setup, Git for Windows/ARM64 Setup, Portable ("thumbdrive edition"), Git for Windows/x64 Portable, and Git for Windows/ARM64 Portable.

A sidebar on the left promotes the "Pro Git book" by Scott Chacon and Ben Straub, available online for free or on Amazon.com.

At the bottom, there's a section titled "Using winget tool" with instructions to install it via command prompt or Powershell, followed by a command line snippet: `winget install --id Git.Git -e --source winget`. It also mentions the current source code release is version 2.52.0 and provides a link to the source code.

A screenshot of a web browser displaying the GitHub homepage. The URL 'github.com' is visible in the address bar. The page features a dark blue header with navigation links for Platform, Solutions, Resources, Open Source, Enterprise, and Pricing. A search bar is located in the top right corner. On the far right, there are 'Sign in' and 'Sign up' buttons; the 'Sign up' button is highlighted with a large green checkmark. Below the header, a yellow duck icon is next to the text 'Explore the latest tools from Universe '25'. The main title 'The future of building happens together' is prominently displayed in large white text. A subtitle below it reads: 'Tools and trends evolve, but collaboration endures. With GitHub, developers, agents, and code come together on one platform.' At the bottom, there is a call-to-action bar with three buttons: 'Enter your email', 'Sign up for GitHub' (which has a green checkmark above it), and 'Try GitHub Copilot free'.

Step1: Download git and setup an account

The screenshot shows a web browser window with the URL github.com/signup?ref_cta=Sign+up&ref_loc=header+logged+out&ref_page=%2F&source=header-home. The browser's address bar and various icons are visible at the top. The main content area displays the GitHub sign-up form.
